Please encourage licensees to renew online. You may check to see if a licensee has renewed by going to our search page https://www.nebraska.gov/nlcc/license_search/licsearch.cgi entering the license number, scrolling to the bottom of the screen under history, and then looking for a “RENEW APP.” code for 2018. If nothing is found, they have not submitted their renewal to our office.

Special Designated License News:

As previously mentioned, the Nebraska Legislature has approved a bill that will affect Special Designate Licenses. With the statute change, two items will be affected:

- ♦ SDL licenses will be able to be electronically delivered to the local governing body effective September 1st.
- ♦ The Local governing body would be able to create an expedite process for licensed caterers that would normally need to have the application into their office a minimum of 21-days. If expedite process is used, the deadline will be at least 12-days prior to the event for emergency applications. This change will not affect the 10-day NLCC rule.

Since we will not be mailing the licenses, we will be creating an order form for SDL packets (posters) for your offices. If you are able to pickup a supply of posters at our office when in the area, we would appreciate you stopping and obtaining packets for your licensees. Otherwise, they will be mailed. We want to stress that reusing these posters by caterers or frequent users of SDL licenses is highly recommended.

Please email our office if there are any corrections/changes to your email address. This will be the point of contact for electronic delivery of these licenses .

More information will be provided in the August Newsletter.
