

Nebraska Liquor Control Commission—Licensing News

February 2020

RENEWALS NON-CLASS C:

All Non-Class C renewed licenses will print and be mailed to your offices on the following schedule:

February and March—Every other week

April—Daily

The last date for licensees to renew is April 30, 2020 in order for the licensee to not be late. Please help us to recommend the applicant renew on-line if they have not already renewed.

If you wish to find out if a licensee has renewed, you may search the licensee using the link below:

https://www.nebraska.gov/nlcc/license_search/licsearch.cgi

For best results in searching for a licensee, please enter Retail for category and then license number (6 digits only).

Once you've found the licensee, scroll to the bottom in the history box. If you find in "Description: RENEW APP" with an effective date after February 2020, you will know that they have renewed. If no "RENEW APP" shows for 2020, they have not renewed in our system.

SPECIAL DESIGNATED LICENSES:

Local Recommendation Form #200

To help assure our office that you have reviewed all of the event information, please make sure applicants are using the most current forms on our website and that all areas of the form are complete.

Non-profit Organizations are not always using the correct corporation name or Federal ID number. The portal profile should always match the Federal ID user name and number on all forms.

Upcoming Holiday

Please note: Our offices will be closed for this upcoming holiday:

Arbor Day—April 24th
