

Regarding Permanent Change of Station to Nebraska and shipment of alcohol with household goods.

The Commission has received a large number of requests for information on how to proceed with a move to the state for military stationed overseas. There is no permission required from the state of Nebraska to import alcohol for personal use into the state. This page can serve as a requested letter for transportation purposes.

Nebraska Revised Statute [53-194.03](#) restricts the personal importation of alcohol into the state to 9 liters per adult per month:

(3) Alcoholic liquor transported, imported, brought, or shipped into the State of Nebraska in violation of this section shall be seized by the commission and disposed of in the manner provided for contraband. Any person violating this section shall be guilty of a Class IV misdemeanor.
