

NEBRASKA LIQUOR CONTROL COMMISSION

SPECIAL DESIGNATED LICENSE NEWS:

We are in the beginning steps of moving to the online processing of SDL Applications.

We have started to contact retail licensees to register.

The licensee will register with a user name and password. The license holder will then email their User name into our office for our file. It will be important for them to keep the information they enter on the registration screen for future use when entering SDL's. It may be extremely hard to reset a password it is lost or cannot be remembered.

Non-Profit Organizations will not be involved in this process at this time.

We will send more information when we are at the next level of this process.

Thank you for your assistance. If you have any questions, please forward them to:

SPECIAL DESIGNATED LICENSES REMINDERS:

If you not already doing so, please help our office by reviewing the SDL application before it is submitted to our office. All required areas/signatures should be completed on the application before it is submitted to our office. It should be a policy to keep a copy of this application in your files.

No local approval or application should be coming in without both the local approval and the completed application. Local approvals have been coming into our office with no applications. It is the applicant's responsibility to get all of the information into our office complete and on-time.

Your approval should include time(s), date(s), applicant's name and any alternate dates/location.

A fencing waiver request is not required on retail liquor license holders.
